

PwC's cybersecurity solutions for Distance Business Programme (D-Biz)

The COVID-19 pandemic has brought exceptional challenges to companies in Hong Kong. The HKSAR Government has responded with Anti-Epidemic Fund, and launched a HK\$500million "Distance Business Programme" (D-Biz) from May 2020 for a period of six months to support companies to continue their businesses by adopting IT solutions for developing distance business.

How can PwC help?

We are here to help. Below are the details of our **subscription based cybersecurity solutions** offer for D-Biz programme, to help you secure your business during this unprecedented times.
